# Timber Impressions Platinum

## High gloss Australiana long planks

Inspired by our most popular Australian timber species, Timber Impressions Platinum is an affordable flooring solution, providing the look of a classic Australian solid timber floor in your home.

Compared to a traditional solid timber floor, Timber Impressions Platinum is more scratch resistant, has a much longer period of appearance retention, is easier to maintain, will not warp or buckle and is much easier and faster to install. A high gloss finish gives Timber Impressions Platinum a stunning and authentic Australian timber floor look.

# Care and Maintenance

Laminate flooring should only be cleaned with an electrostatic mop, microfibre mop, or a well wrung mop and a specifically labelled "Laminate Cleaner". To maintain the floor's appearance, you can put doormats inside the entrances as well as placing floor protectors under furniture legs to prevent scratches.

- Do not use doormats with rubber backing on top of laminate.
- Do not apply floor polishes, detergents, soaps or waxes to the laminate floor as the residue from these agents may be harmful to the floor. No further treatment of the surface is required.

Difficult stains may be removed by applying a small amount of acetone to a clean cloth and blotting the stain.
